

Dr. N. Kishan, M.Sc.Ph.D.
Associate Professor
Email :kishan_n@rediffmail.com

A Ph.D. in Computational Techniques in MHD Heat Transfer & Turbulent Flows, obtained Ph.D. from Osmania University in the year 1996. Teaching experience of 25 years and a research experience of 20 years. Area of research interests are Heat and Mass Transfer, Boundary Layer flows, MHD flows, Newtonian and non-Newtonian fluid flows, Computational Fluid Dynamics. Published 102 research papers in various National & International Journals and conference proceedings. The total citation of papers, as per Google Scholar, exceeds 300. Attended one SERC school and three workshops. Attended more than 25 National & International Seminars/ Conferences/ workshops. Under the supervision awarded 12 Ph.D. degrees and 6 M.Phil. degrees. Presently, 8 Ph.D. students are working.
